1:1 ONLINE LITERACY COACHING

In this tailored literacy coaching experience, work with Amanda as your Literacy Coach to support you in achieving your literacy goals and to help you strengthen your teacher capacity. Amanda will provide an opportunity for you to be heard, valued and seen through these individual, personalised coaching sessions. She will help you find clarity, confidence and consistency in your literacy practice to impact student learning and engagement.

what

The 1:1 Literacy Coaching experience will provide you with the **time and space** to **reflect on your literacy practice, identify areas of strength and improvement, and set personalised literacy goals**. We will **work together** to ensure you feel **confident, clear and consistent** on your **personalised literacy goals** to **strengthen your literacy practice**.

how

Collaborating virtually, **YOU bring** to our VIRTUAL sessions a particular **literacy goal, focus, outcome or desire** to achieve success in your literacy practice; ultimately, in your **students' learning**. Over the course of our coaching sessions, we spend time using reflective tools and pedagogies, coaching frameworks and Cycles of Inquiry to explore **what requires the most attention for you** at present **in your literacy practice**. We **strengthen your capacity, rediscover your confidence** and we **establish consistency** so that you're **empowered to make a difference to your students' learning and engagement**.

investment

As a **reflective practitioner**, you constantly **take responsibility** for your learning and you value the importance of **showing up-** for **yourself** (first and foremost), and then for your **students**. **Investing in yourself** is paramount- modelling to your students the steps to **take action to learn, grow, change and transform**.

3 Month Commitment

(term option)

- 6 coaching cycles
- 45 mins each cycles
- \$1,200 + GST

6 Month Commitment

AMANDA SUTERA

Founder

Hands On Heads Consulting

**I help you
improve what
you're
already doing!**

**A
multidimensional
approach
to literacy**

***'That's the thing about great leaders-
they see something in us that we don't
see in ourselves...yet!'***

Amanda Sutera established Hands On Heads Consulting to inspire and support other primary teachers in their literacy practice. She is now an Instructional Literacy Coach and Literacy Consultant who is passionate about literacy and leadership. Amanda is a former primary teacher and school leader with a career spanning over 12 years.

When working with upper primary and lower secondary classroom teachers and school leaders, Amanda ensures confidence, clarity and consistency to strengthen literacy practice, build capacity and impact learning and engagement.

Through meaningful connections, compassionate collaboration and authentic actions, Amanda supports educators in working towards success and achieving desired literacy outcomes.

"This course was an excellent way to deepen my understanding of literacy. By setting myself a clear goal from the beginning, I was able to really get to the core of why I thought literacy was important. Amanda guided me every step of the way and provided excellent advice throughout our sessions. I highly recommend this course to anyone looking to improve their literacy practice as Amanda really does tailor the coaching to each individual person. Thank you so much for this opportunity, Amanda!"

RACHEL KEY
YEAR 8,9 AND 12 ENGLISH TEACHER

"Working alongside Amanda, I have always felt seen, respected and valued. She acknowledges the wisdom I already hold within and through a process of coaching we work together to establish next steps. These steps are relevant to my professional practice and ones that I am highly invested in improving. I always look forward to working with Amanda because I know that I will grow and be challenged."

REBECCA RYAN
LEARNING CONSULTANT

"Amanda was phenomenal! She was organised, professional and incredibly insightful. Thanks for all of your mentoring! I looked forward to the vulnerability, honesty and depth that each session was providing. I loved the provocations and questions from Amanda!"
